SELECTION OF APPLICATIONS AND INTERVIEW PROCEDURES

❖ Selection of applications

The eligibility jury selects candidates whose academic record provides sufficient guarantees for the pursuit of higher education. It may refuse eligibility to a candidate:

- whose application file is incomplete,
- whose academic record and/or professional experience would reveal an unsuitable profile,
- who have not been able to provide proof of the equivalence of their years of study,

The candidate's eligibility is determined after studying the complete file.

After studying your file, you will receive an email informing you of the outcome of your application.

❖ Interview

The purpose of these interviews is to assess the candidate's open-mindedness, adaptability, professional and personal plans, and ability to take advantage of the full program to start the career for which the program prepares. The interview will be conducted in both French or English depending on the track chosen for the 1st year of Master, and in English exclusively for the 2nd year of Master.

Interviews take place on the preferred campus or by video conference in case of impossibility to travel. Candidates who are declared

eligible must attend these tests with their invitation and an ID card or Passport.

Tests	Duration
Motivational interview in English and/or French	30 min

The jury is conducted face-to-face by FERRANDI's Dean or representative (manager of the training, academic director), who acts as Chairman of the Jury, two hospitality professionals and one teacher.

The calendar of the interviews for Paris Campus will be available from December 5, 2023, on our website and is updated regularly. For other campus, please refer to their website.

❖ Admission

At the end of the interviews of each recruitment session, the admission jury, composed of the MSc representative, campus director and academic director, draws up the first list of admitted candidates. The jury then draws up a supplementary list of candidates who may be called upon, depending on their ranking.

Admission is valid only for the academic year following the recruitment session. However, in exceptional cases, the candidate who has been admitted may keep the benefit of his/her admission for the following year. He/she must explain the reasons for his/her request in writing to the Academic Manager no later than July 8, 2024, who will judge the relevance of the request.

Candidates who are not admitted will have the opportunity to retake the selection interview the following year. In this case, they must send a new application.

PUBLICATION OF RESULTS AND CONFIRMATION OF ADMISSION

The results will be available on the application platform within two weeks following the recruitment sessions. At the same time, you will receive an e-mail informing you of the jury's decision (admitted, waiting list, not admitted).

In order to validate their registration, admitted candidates must:

- ❖ Return, at the latest **within 2 weeks after the notification of admission** or **at the deadline indicated in the email**, the signed payment commitment,
- ❖ And pay a deposit:
 - Entry in 1st year: 4,100€
 - Entry in 2nd year: 6,000€

If you do not reply within the time limit indicated, your application will be cancelled.
