## TERMS OF RECRUITMENT

### ❖ Conditions of admission for the recruitment tests

Admission tests are open to applicants under the following conditions:

- The first year is accessible to applicants with an international diploma equivalent\* to the French Baccalaureate diploma.

If you already have such a diploma, the ENIC-NARIC France certificate of equivalence is requested as part of your application. Otherwise, you must present this certificate of equivalence to finalise your enrolment.

\* If you reside in France, you must obtain this certification via the director of studies of your educational institution or your regional education authority. Contact details may be found at:

<http://www.education.gouv.fr/cid3/les-rectorats-services-departementaux-education-nationale.html>

If you reside outside of France, you may address your request to CIEP – ENIC – NARIC France [www.enic-naric.net/](http://www.enic-naric.net/). This is a paying service.

If you have a temporary or permanent disability, or if you are suffering from a debilitating medical condition, FERRANDI Paris will ensure that your recruitment process proceeds in the best possible conditions.

You are advised to contact the disability office at the following address: [handicap@ferrandi-paris.fr](mailto:handicap@ferrandi-paris.fr). Please indicate the campus and programme requested in the subject of your email.

Selected applicants will be invited to the following two tests:

- An in-person motivation interview on the applicant's preferred campus.
- However, it can also be organised on Microsoft Teams if the applicant is **overseas**. Applicants must present their test notification and proof of identity at tests. The interview will be in French or English, depending on the option chosen.

A knowledge and logic test in the chosen language. These tests will take place on an online platform.

**Since applicants are registered for admission tests in the order that we receive applications, you are advised to apply as early as possible.**

## ❖ Publication of results and confirmation of admission for international applicants

Following the judging panel's deliberation, the results (admitted, not admitted) will be sent to you by email.

Non-admitted applicants may not apply again in the same year to a later session on any other campus.

**Applicants must pass the admission test and present the required qualifications to finalise their enrolment.**

## ❖ Administrative procedure for full-time students

To finalise your enrolment, you must send back the following documents by the deadline indicated in the email:

- The enrolment form, completed and signed,
- A deposit of 30% of the tuition fees for admission to 1<sup>st</sup>-year studies (non-refundable),
- Signed payment commitment and terms of sale,
- Proof of payment of the CVEC.

**Failing a response from your side within the given deadline, your enrolment will be cancelled.**

## ❖ Administrative procedure for apprenticeship students

To finalise your enrolment with the institution, you must send back the completed, signed enrolment form by the deadline indicated in the email. Apprenticeship contracts must be signed within a maximum of three months after the course start date.

If you are a citizen of the EU, the Swiss Confederation or the European Economic Area (Iceland, Liechtenstein and Norway), you can sign an apprenticeship contract without have to apply for a residency visa and with no other formalities required.

If you are a recent immigrant from a non-European country, you must first provide justification of a **first year of full-time study undertaken on French territory** before you can sign an apprenticeship contract and obtain a **work permit** from the Ministry of the Interior, depending on your administrative situation.
